

There is a greater need than ever before!

Donate winter coats to local families in need

Anton's Cleaners, Enterprise Bank, and Jordan's Furniture locations are accepting gently-used and new winter coat donations for children and adults **through January 10th!**

Cleaning out your closets? Coats for Kids is New England's leading coat drive, offering a safe way to give a greater purpose to the unused coats taking up space in your closet. Once collected, all coats are professionally cleaned by Anton's then distributed to local families in need through a network of social service agencies.
